ABOUT ME

My name is Elvis and I'm an IT professional with managerial experience and knowledge of Frontend development. I transitioned to Frontend development in 2021, after 5+ years of managing IT infrastructures and teams of IT analysts.

WEB DEVELOPMENT EXPERIENCE (10+ years)

HTML, CSS, SASS, LESS, JavaScript, Git, Bootstrap, ReactJS, Angular, Vite, Tailwind, PHP, jQuery, MySQL, Jekyll, NodeJS, Material UI.

SOFTWARE EXPERIENCE (15+ years)

GitHub, GitLab, Figma, Adobe CC, Microsoft Office/Office 365 (Word, Excel, Exchange, SharePoint, Flow, PowerBi), Windows XP-11, Linux, Google (Android, Analytics), iPhone, iOS, WordPress, SonicWALL UTM Firewall, VMware 6.0, Veeam, Mimecast, Oasys MailManager, Print Audit, Crystal reports, Sophos AV, Autodesk, Asta Power Project, Trello, Asana, Jira, VoIP telephony.

KEY STRENGTHS

- Over 15 years of professional experience in IT and web development.
- Proven Leadership and Management: Extensive experience in managing IT teams and infrastructures, coupled with a successful transition to Frontend development, demonstrating adaptability and strong leadership skills.
- Expertise in Web Development: Proficient in a wide array of technologies (HTML, CSS, JavaScript, ReactJS, Angular, etc.) with over 10 years of web development experience, allowing for the creation of high-quality, interactive web applications.
- Business Development and Entrepreneurship: Founded and operated a successful web development business, showcasing entrepreneurial spirit and the ability to build client relationships across various industries.
- Innovative Problem-Solving: Successfully resolved critical technical issues, preventing significant revenue loss and demonstrating a strong ability to troubleshoot under pressure.
- Process Automation and Efficiency Improvement: Developed and implemented automated systems that enhanced operational efficiency, reduced manual effort, and provided valuable insights for decision-making.
- Collaboration with High-Profile Clients: Experience working with well-known brands to deliver impactful digital solutions, highlighting strong communication skills and the ability to work in a collaborative environment.
- Commitment to Community and Learning: Actively involved in volunteer initiatives, reflecting a dedication to knowledge sharing and social engagement.

ACCOMPLISHMENTS

Frontend Developer, EyeKandy

- I started my own web development business.
- I collaborated with leading global brands such as Intel, Dewar's, Zoo Royal, Wells Enterprises, Frubes, Bacardi, Diageo and BuzzBallz to develop highly interactive landing pages for new product launches that served as gateways to their mobile apps. These web applications replicated the user experience of their promotional mobile counterparts.

Contracts – Remote
Jun 2022 – Mar 2024

Frontend Developer, eDocuments Ltd.

- I contributed to building a bespoke platform for the construction industry that automates the entire project lifecycle, from handover to asset management, documentation management, and digital signing.

Full Time – Remote
Jul 2022 – Jan 2024

Web Consultant/Developer, Rara Supply Ltd.

- I designed and built web email campaigns and subscription mailing, providing businesses with valuable insights into user growth and preferences.

Part Time – Remote
May 2021 – Jul 2022

Frontend Developer, GPMD

- I helped London jewellery business launch a successful Christmas campaign by fixing their website 2 days before launch and prevented major loss of revenue.

Contract – London, UK
Oct 2021 – Dec 2021

<p>Technical Operations Manager, the Hurlingham Club</p> <ul style="list-style-type: none"> • I upgraded WiFi systems throughout the club premises, increasing signal coverage and connection reliability by 30%. • I migrated all servers/clients from Outlook Exchange to Office 365 • I set up intricate messaging system for various departments in the business and their varying operational times, decreasing time needed to record and update messages each time a change was needed. • I automated business processes by creating various SysVol scripts that handled users onboarding, registration logins and served as a golden thread for logging purposes. 	<p>Full Time – London, UK Aug 2019 – Feb 2021</p>
<p>IT Manager, BLDA Architects</p> <ul style="list-style-type: none"> • I migrated all servers/clients from Outlook Exchange to Office 365. • I upgraded all analogue desk phones to VoIP system. 	<p>Full Time – London, UK Jan 2018 – Jul 2019</p>
<p>Purchasing Assistant/IT co-ordinator, Vaughan Designs</p> <ul style="list-style-type: none"> • I implemented an automated data processing system for stocktaking that significantly reduced manual efforts and increased accuracy. By providing managers and business owners with clear, visual insights (charts, percentages, graphs), the system reduced the stocktake process by over a day, cutting costs and enhancing operational efficiency. The streamlined process also minimized input errors, provided employees with an additional day off, and eliminated the complexities of manual data handling. 	<p>Full Time – London, UK Oct 2015 – Dec 2017</p>
<p>Web designer and developer, Self employed</p> <ul style="list-style-type: none"> • I founded a local business with clients from all over country and even Canada. 	<p>Full Time – Slovenia Jan 2012 – Oct 2015</p>
<p>IT Manager, GScomputers</p> <ul style="list-style-type: none"> • I co-founded a company that was a go-to computer reseller and service store in the region. 	<p>Full Time – Slovenia Jan 2010 – Jan 2012</p>
<p>Regional store manager, Technomarket d.d.</p> <ul style="list-style-type: none"> • I progressed internally after my initial review due to my exemplary performance. 	<p>Full Time – Slovenia Dec 2009 – Dec 2010</p>
<p>Head of IT department, Technomarket d.d.</p> <ul style="list-style-type: none"> • I was single-handedly responsible for store opening 2 weeks ahead of time by solving technical challenges, which allowed the company to make 700k EUR in revenue first week alone. 	<p>Full Time – Slovenia Oct 2009 – Dec 2009</p>
<p>IT technician/sales adviser, AGP Pro d.o.o.</p> <ul style="list-style-type: none"> • I helped launch weekly targeted promotions to raise sales by 50%. 	<p>Full Time – Slovenia Jun 2009 – Sept 2009</p>
<p>IT technician, Mimovrste d.o.o.</p> <ul style="list-style-type: none"> • I installed CCTV systems with 20 networked cameras and remote surveillance with multiple access levels for various shareholders across multiple sites. 	<p>Full Time – Slovenia Aug 2007 – Jun 2009</p>

VOLUNTEERING

<p>Frontend Developer, 8 Billion Minds</p> <ul style="list-style-type: none"> • I help build a bespoke, free learning platform enabling individuals to teach and learn any subject through 1-to-1 video sessions. • I organized the first Hackathon for volunteer developers, providing an opportunity to socialize, challenge themselves, and learn from one another, all while boosting productivity. In just 3 hours, we closed 26 tickets, and these Hackathons have since become a bi-annual event which I still attend. 	<p>Remote Since Oct 2021</p>
